The purpose of this form is to help you make an informed choice about whether or not you want to receive these laboratory tests, knowing that you might have to pay for them yourself. Before you make a decision about your option, you should read the entire notice carefully. Ask us to explain, if you don't understand why Medicare probably won't pay. Ask us how much these laboratory tests will cost you (Estimated Cost: \$\_\_\_\_\_), in case you have to pay for them yourself or through other insurance.

Please check off ONLY one option below. Sign and date your choice.

**Option 1 - Yes I want to receive these laboratory tests.**

I understand that Medicare will not decide whether to pay unless I receive these laboratory tests. Please submit my claim to Medicare. I understand that you may bill me for laboratory tests and that I may have to pay the bill while Medicare is making its decision. If Medicare does pay, you will refund to me any payments I made to you that are due to me. If Medicare denies payment, I agree to be personally and fully responsible for payment. That is, I will pay personally, either out of pocket or through any other insurance that I have. I understand I can appeal Medicare's decision.

**Option 2 – No I have decided not to receive these laboratory tests.**

I will not receive these laboratory tests. I understand that you will not be able to submit a claim to Medicare and that I will not be able to appeal your opinion that Medicare won't pay. I will notify my doctor who ordered these laboratory tests that I did not receive them.
